

DO YOU KNOW OF SOMEONE FROM EASTERN EUROPE WHO IS DUE TO START A NEW LIFE IN THE UK?

BBC Three are looking to speak to Eastern Europeans (18-30 years old) who have decided to leave their home town for a fresh start in the UK.

We want to get in contact with immigrants/migrant workers **DUE TO ARRIVE** in March/April and who wouldn't mind being filmed as they experience their first few days in a foreign country?

You will also get the opportunity to go on an all expenses paid day trip to an exciting part of the UK.

If you know of anybody- a family member or a friend- then please get in touch. An English speaker is essential.
